

TUV T8 Xtra

TUV 15W Xtra 1SL

TUV T8 Xtra lamps are double ended UVC (germicidal) lamps used in professional water and air disinfection units. Thanks to the unique X-technology TUV T8 Xtra lamps even double the life of conventional types. This extra long and reliable lifetime is even up to 36,000 hours when the lamps are operated on HF gear. As a result these lamps need to be replaced less often, significantly reducing cost and disruption. Thanks to the reliable lifetime, maintenance can be planned in advance
